Comments:

- If scheduled earlier in the year travel to other Yukon Communities would be possible.
- Would be great to incorporate more adults in the fair.
- Maybe more businesses can attend so there are more people to attend this event
- Do the card that you did a few years ago. The students has to ask a question then we stamped the card, when it was filled it went into a draw. That way they talk to all the people at the tables and learn about the business and organisations.
- Our target market is limited to grade 10, but it was good to have a presence here
- Enjoyed all the students and their questions, some were very engaged!
- Good brunch and displays this time
- A reminder email before event would have been good
- Great fair. It works well when the school sends question sheets with the students
- Thank you!
- I would like to have an assigned table when I arrived
- Very warm welcome, Merci!

- Very well organised
- The panel of universities was really great
- Great opportunity for us. Thank you. We will be signing for the Spring Expo
- Schedule before or after Halloween week. This year timing was great. Please provide cookies.
Thanks for everything
- Lack of publicity through schools and other academic venues
- Overall a great event, though it did feel a bit smaller this year
- No food in the afternoon
- Great

Do you have any suggestions for the next Education, Career and Volunteer Expo:

- Early in Season September or October
- Opening up the Expo to students in grade 9
- I feel 1 year is enough, no strong opinion tho
- Great job! It was a great mix of organisation and institutions that was both public outreach and networking!
- One per year for the high schools is great exposure
- All good
- Assign your tables previously
- Cake makes the day great...just saying
- Promote in your social media
- The way was organised was excellent
- Perhaps one expo every two years, only a suggestion
- None, all very good!
- Extend the length to provide options for people to come after work, parents with their children—until 7 pm or so
- Maybe extend until the early evening so families can attend

Do you think Yukon College, *Association franco-yukonnaise* and Volunteer Bénévoles Yukon should organise another Expo in Fall 2019?
