Support for Volunteerism

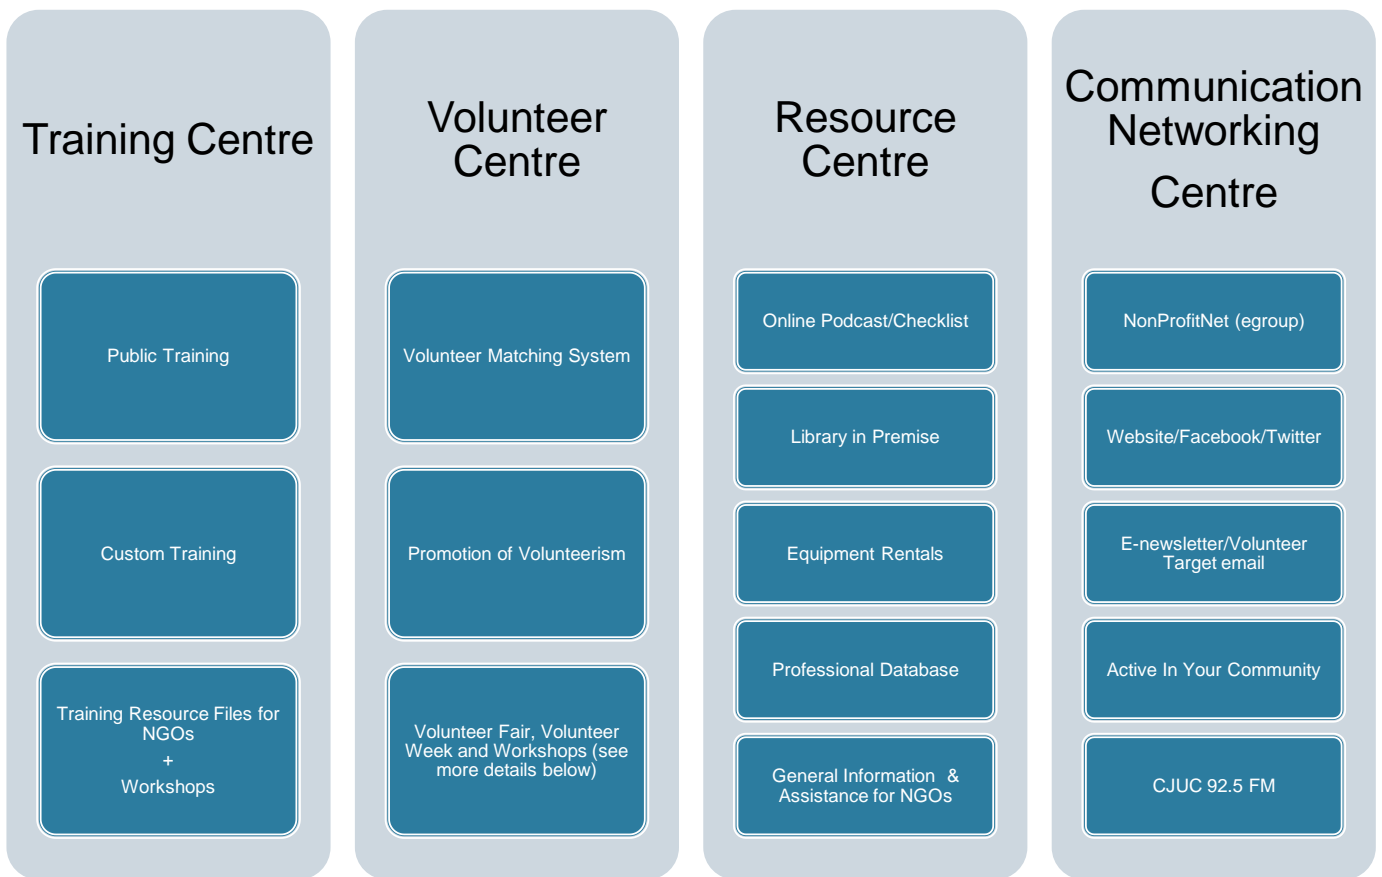

Your sponsorship for Volunteer Yukon equals support for our community groups, events and for the people who dedicate volunteer time to improve the lives of others in the Yukon.

Volunteer Yukon membership continues to grow (144 in 2010-2011) and our organization presently offers services to 600 different Yukon organizations that depend on volunteers to assist in the delivery of core programs and services. According to Statistics Canada, in 2010, the volunteer rate in the territory was approximately 49% and the average time devoted to volunteer activities was 131 hours.

Since 2008, Volunteer Yukon has promoted at least 312 volunteer opportunities and has received a total 1,136 requests for assistance from various Yukon NGOs, government departments and agencies. Over three years the Resource Centre received the largest proportion of these requests, followed by the Volunteer Centre, Training Centre and Communications Centre.
