A screenshot of the Vome app showing the volunteer onboarding process. It displays two steps: Step 1 (Custom Background Check) and Step 2 (Interview Volunteer Interview). Below each step, there are checkboxes for volunteers: Abbie Dawson (Active) and Sandra McLeran (Active). The status of each volunteer is shown as a pill: Active (blue), Step 1 (grey), Expired (red) for Abbie Dawson, and Active (blue), Step 2 (grey), Pending (orange) for Sandra McLeran.

# So...what does Vome offer for **free**?

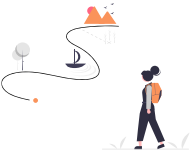

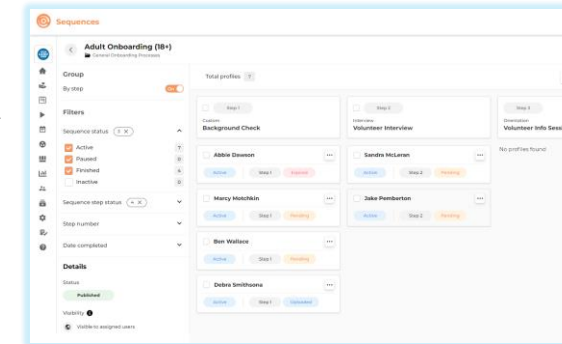

## Customize your recruitment workflow

- Publish a **custom-branded recruitment page** with featured opportunities and application forms
- Create a **highly custom application form** with conditional questioning, automations and more!
- **Leverage automations** to auto-assign onboarding sequences, opportunities, profile tags, and more!
- Screen new applicants & add them directly into your database **without any manual data entry!**
- **Track applicant statuses**, view submission data in a table or individually, and export to Excel or PDF!

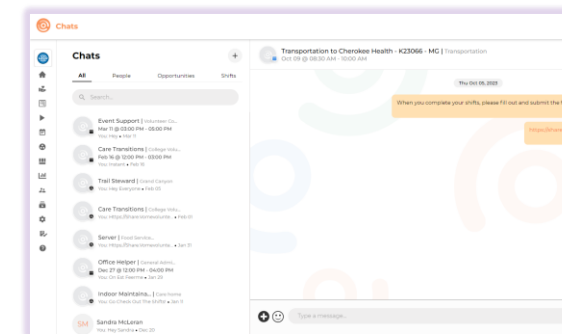

## Onboard volunteers with ease

- Assign new applicants to a **step-by-step onboarding sequence**
- **Allow users to interact with the onboarding process in real-time** & get notified along the way
- Seamlessly track background checks, document collection, interviews, orientation, training, videos, etc.
- Apply screening checklists on the opportunity-level for more in-depth screening
- Stay in the loop with expiry dates, notes and so much more!

## Communicate on-the-go!

- Assign profiles to opportunities to group them by job, program, event or anything else!
- Create **custom communication lists** and unlimited custom database views
- Integrate your email domain and **send emails** directly from Vome
- Communicate via **1-1 or group chats (instant messaging)**, or leverage auto-generated chatrooms
- Send and receive chat messages via the **Vome app**
